Render Eclipse IDE AWS-cloud

Education

AVCOE, SANGAMNER

BTECH IN IT

Jul 2023 Sangamner, MH
CGPA : 7.41.

ATMA MALIK JR.COLLEGE

HSC - 2019
MH-Cet Score :93.04%

RAMRAO ADIK PULIC SCHOOL

SSC - 2017
SSC percent : 84.20 %

Certification

CERTIFICATE OF EXCELLENCE

- JAVA
- DSA in JAVA
- Full Stack Web Development
- Full Stack Web Dev. in Node.js
- React
- SQL
- Soft Skills - Hablar
- NPTEL (Ethical Hacking)

PROFESIONAL CERIFICATES

- Aws Cloud |
- Flipkart Grid 3.0-Software Development (Entry Level1)

Summary

Enthusiastic IT professional with 9+ months of experience as a Technical Assistant, specializing in Java programming and cloud architecture. Completed Hablar communication course to enhance written and verbal communication skills. Experienced in high-quality code writing, algorithm development, and bug fixing. Proficient in a wide range of technologies, including Java, JavaScript, AWS, and more. Demonstrated expertise in problem-solving and strong analytical skills. Eager to apply technical skills and communication abilities to contribute effectively to [Company Name] as a Java Developer.

Experience

TECHNICAL ASSISTANT FOR JAVA PROGRAMMING

CODING NINJAS

March 2023 – Dec 2023

Remote

- Mentored and coached new recruits in Java programming, resulting in a 20% reduction in error rates and a 15% increase in code accuracy.
- Mentored over **300+ students** through personalized code walkthroughs, enhancing their problem-solving skills.
- Demonstrated expertise in debugging, algorithm development, and code optimization. Doubt Solved: **2000+** and with Optimized Rating: **4.77/5**

AMAZON VIRTUAL AWS CLOUD ARCHITECTURE INTERN

Dec 2021 – Jan 2022

Remote

- Led 80% of impactful AWS internship projects showcasing strong leadership, problem-solving, and technical skills.
- Developed hands-on expertise in **cloud infrastructure, scalability, and security.**
- Strengthened passion for cloud technologies through real-world experiences, setting a solid foundation for future cloud computing pursuits. **✓ Verify Here**

Recent Projects

'VIRTUAL STOREFRONT' Repo

- Built robust Node.js **Rest API** endpoints for seamless front-end and back-end communication.
- Implemented authentication mechanisms to ensure secure data transmission and enhance overall security.
- Successfully implemented secure user authentication using **JSON Web Tokens (JWT)** for increased data protection and system security.
- Exposure to Agile methodologies through coursework and self-study, eager to apply Agile principles in real-world projects and contribute effectively to Agile teams.
- Proficient in efficient processing and handling data using **Express, JavaScript, MongoDB, Mongoose, and Postman.**

'DISH DETECTIVE' Website

Repo

- Innovatively implemented a meal suggestion website, overcoming challenges in API integration to provide personalized recommendations for users.
- Improved engagement with an interactive search feature suggesting meals based on letters, recipes, and speedy videos.
- Integrated social sharing features contributed to a 30% growth.
- Developed a user-friendly meal app with **HTML, CSS, Vanilla JS, and Bootstrap**, showcasing strong front-end development skills and attention to detail.
